## AFTER 40 YEARS, COMRADES UNITED AGAIN, ONE ALIVE AND ONE DEAD

By. W. Lynn Nickell

"In 1965, the United States sent in troops to prevent the South Vietnamese government from collapsing. Ultimately, however, the United States failed to achieve its goal, and in 1975, Vietnam was reunified under communist control; in 1976 it officially became the Socialist Republic of Vietnam. During the conflict, approximately 3.2 million Vietnamese were killed, in addition to another 1.5 million to 2 million Lao and Cambodians who were drawn into the war. Nearly 58,000 Americans lost their lives."—*Microsoft Encarta*

"We see them all as they march proudly away under the flaunting flags, keeping time to the grand, wild music or war—and across the prairies—down to the field of glory, to do and to die for the eternal right."

Alvin Bryson, at left, traveled to West Liberty to visit Hurley Boyd's grave. "I did all I could do for him—he was a friend and has always been on my mind."

Hurley Millard Boyd was killed in 1969 near Chu Lai in Viet Nam. He was only 22 years old.

## Morgan approved for County Agricultural Investment Program

**\$197,097 in Kentucky Agricultural Development Funds Awarded**

FRANKFORT, Ky., May 19—The Kentucky Agricultural Development Board, chaired by Gov. Steve Beshear, approved \$197,097 in Morgan County Agricultural Development Funds for a County Agricultural Investment Program at their monthly business meeting. The Morgan Fiscal Court submitted a proposal to the Morgan County Agricultural Development Council and the Kentucky Agricultural Development Board to provide cost-share incentives to area farmers.

"I am committed to creating opportunities that will make Kentucky's agricultural commu-

nity stronger," said Gov. Beshear. "County Agricultural Investment Programs funded by the Kentucky Agricultural Development Board play an integral role in achieving this goal."

C.A.I.P. is designed to provide farmers with incentives to allow them to improve and diversify their current production practices. C.A.I.P. combines what were previously known as county model cost-share programs into one, where each model program becomes an investment area.

C.A.I.P. covers a wide variety of agricultural enterprises in its eleven investment areas, including commercial production of aquaculture, bees/honey, equine, forage, fruit, livestock, mushrooms, ornamental horticulture, poultry, rabbits, timber, and vegetables, as well as agritourism, business development, commercial kitchen construction/conversion, energy efficiency/production, and on-farm water enhancement.

For more information about the sign-up period and the complete guidelines for this program in Morgan County, contact Sarah Fannin with Morgan County Extension. See AG FUNDS Page 3

## West Liberty's Towne Cinema changes hands

By Carla J. Collinsworth

Lanny and Scottyee Franklin, of West Liberty, after serving the area for nearly 37 years in the theater business, have decided to retire. The Franklins have sold the Towne Cinema to Chris and Tammy Ball, of West Liberty.

Chris, who has been employed by the West Liberty Police Department for the past 13 years as a 911 telecommunicator, and his wife, Tammy, a 2007 graduate of Morehead State University, plan to keep Towne Cinema much the same but with the possibility of more movie and concession choices.

"We want to preserve the Towne Cinema's history and subtle charm. It's been here since 1972; it has withstood the test of time and more than deserves to keep its name in the history of this town," said Mr. Ball.

"One thing we would like to begin is to expand what the Towne Cinema has to offer to the community. At the present time it offers its services to host birth-

## Subscription rates to raise 5¢ wk. in June

At The Licking Valley Courier, the handwriting is on the wall: We can see that to continue to serve the community with a countyseat newspaper of the quality our readers are accustomed to, we have no choice but to increase our advertising and subscription rates.

We have always attempted to hold these rates as low as possible, but over the past two years, our overall production costs, including the cost of mailing, have increased at an alarming rate.

## Three additional water pjts. set if enough sign up

The Morgan County Water District announces that construction on the Phase 12A water line project has begun. Water District Manager Cindy Montgomery said all residents who are interested in water service will need to come to the office, sign a Water User Agreement and pay their tap-on fee. Customers who are making payments on these fees are encouraged to finish paying off their balance.

"Remember, the meter base can not be set until all fees are paid in full," Montgomery said.

The line construction routes (roads) are: Hwy. 191, Hwy. 134 and the Wheel Rim area. "We will consider adding on Camp Branch Road, Al Johnson Road and Wagers Branch if enough people request water service," Montgomery said.

Montgomery urges interested citizens in these areas to not let this opportunity pass. The road selection process depends on the total customers signing up for the service. The cost is \$590 for the tap-on fee, and the deposit is \$50. These fees can be paid anytime at the Morgan County Water District office located at 408 Prestonsburg St., in the former Kennedy Library building. Phone 743-1204

the sake of peace and freedom, the fallen brothers hand their torches to the living—this is the foundation on which America was built. I believe God Himself chose this nation to lead the world in peace."

## Lyons, Young win county conservation contests

West Liberty, Ky., April 20, 2009—Erica Lyons, of Morgan County Middle School, was named the Morgan County winner in the 2008 Jim Claypool Conservation Writing Contest and Katie Young was the county winner in the Conservation Art Contest.

The contests were a partnership between Kentucky Farm Bureau and the Kentucky Association of Conservation Districts entitled: "Working Trees: Kentucky's Renewable Future." Students, grades K-12, from across the Commonwealth used the forestry theme to create 4,517 writing entries.

Judges from the local conservation districts chose county

winners, whose entries then moved on to the state-level competition. A distinguished panel of judges with diverse environmental backgrounds selected state-wide winners in both writing and art categories on March 20, 2009.

State, area and county winners received U.S. Savings Bonds sponsored by the Kentucky Farm Bureau. In addition, Morgan County Conservation District gave the county winners a first place trophy, cash prizes, a calendar with her picture in it along with a copy of her winning essay entry in it. Bank of the Mountains also gave each of the county winners a \$100 cash prize. Congratulations, Erica and Katie!

### Police investigating breakin at Curves

The West Liberty Police Department is investigating a breakin that occurred over the weekend at Curves on Prestonsburg Street. Police said entry to the building was made through a rear door that apparently had been left unlocked and an interior door was forced. Thieves ransacked the premises and a small amount of cash reportedly was taken.

### Human remains found in vehicle in Magoffin Co.

**KSP investigating case as homicide; the victim had been missing for 20 years**

Kentucky State Police officials are investigating death of a man whose remains were found in an automobile near the Morgan/Magoffin county line in the Magoffin County community of Rockhouse on May 19.

Acting on an anonymous tip, KSP officers found the bones of Gregory Back, 29, in the trunk of a vehicle that was submerged in a pond. Back was reported missing in 1989.

The remains were transported to the state medical examiner's office in Frankfort for identification and other specifics regarding Back's death.

The homicide investigation is being headed by KSP Detective Ben Cramer.

### Gateway Head Start parents enjoy banquet

The 2008-2009 Head Start/preschool year is rapidly coming to a close. The annual parent banquet was held on May 1 at the Morehead Conference Center. Upon arrival, parents received a program detailing scheduled events and a certificate of appreciation. During dinner, staff and parents enjoyed the entertainment of Mason Elam and Gabe Lewis, Morgan County Band students.

The banquet is about the parents so the agenda reflected a light-hearted approach to promote an atmosphere that is relaxed and interactive. In celebration of *The Kentucky Derby*, Kentucky's most famous event, staff modeled Derby hats they made prior to the banquet and the winner was chosen by audience applause. This set the tone for parents to display their creativity by making hats of their own.

At the conclusion of the evening, drawings for door prizes, made possible by businesses and organizations, were conducted that included: Cincinnati Reds tickets, Lexington Legend tickets, Louisville Zoo tickets, MSU football tickets, \$25.00 & \$50.00 Lowes and Wal-Mart gift certificates, and a 22" flat screen television.

Thanks to all of the parents for attending, staff for planning and making the event possible, to the Morgan County Band for providing the entertainment, and to the businesses and organizations for their door prize donations.

### THE LITTLE COUNTRY PAPER

When the evenin' shade is fallin' at the endin' of the day,  
As a feller rests from labor smokin' at his pipe o' clay,  
There's nothin' does him so much good, be fortune up or down,  
As the little country paper from his ol' hometown.

It ain't a big o' beauty an' its print ain't always clean,  
But it straightens out his temper when a feller's feelin' mean.  
It takes the wrinkles off his face an' brushes off the frown,  
That little country paper from his ol' hometown.

It tells of all the parties an' the balls of Pumpkin Row,  
'Bout who spent Sunday with who's girl an' how the crops grow,  
An' how to keep a feller posted 'bout who's up an' who is down,  
That little counry paper from his ol' hometown.

Now, I like to read the dailies an' the story papers, too,  
An at times, the yaller novels an' some other trash - don't you?  
But when I want some readin' that'll brush away a frown,  
I wan that little paper from my ol' hometown.

### Applications being sought for grants to repair rural housing

WASHINGTON, May 18 – Agriculture Secretary Tom Vilsack announced today that USDA is accepting applications for grants to help low- and very-low-income rural residents repair their homes.

"Housing is a cornerstone of any thriving, stable community," Vilsack said. "As the Obama administration works to ensure that people remain in their homes, it is more important than ever to make certain their homes are safe, energy efficient, livable dwellings."

Housing Preservation Grants are provided to intermediaries such as town or county governments, public agencies, federally recognized Indian Tribes, and nonprofit and faith-based organizations. The grants are distributed to homeowners or owners of multi-family rental properties or cooperative dwellings who rent to low- and very-low-income people.

Grants can be used to weatherize and repair existing structures, install or improve plumbing or provide access to people with disabilities. For example, the Gateway Community Action Agency used a USDA Rural Development Housing Preservation grant in 2008 to make accessibility, weatherization and other improvements to William Reed's home in Owingsville, Ky. Gateway added insulation, weather stripping, seals around doors and windows, an energy-saving shower head and more efficient light bulbs.

USDA may award up to \$10 million in competitive grants through this notice.

The grants to be awarded are part of USDA Rural Development's annual budget and are not funded through the American Recovery and Reinvestment Act of 2009.

Applications are due by the close of business July 10, 2009.

# Is now a good time to buy a home?

By Stacey Epperson,  
President & CEO,  
Frontier Housing

Last week, someone asked me if I thought it was a good time to buy a home. Really, it is a familiar question I have been asked several times over the last few months. I guess that's not too surprising with all the recent news of the current housing crisis. Foreclosures seem to be everywhere and as fingers are pointed and blame is placed, people wonder where to turn for good advice. Folks seem to genuinely want input from someone they can trust about the status of housing these days. So here are my thoughts.

To answer the question, "Is it a good time to buy?" Yes. I have never witnessed in my lifetime a better time to buy a home, and it is especially true if you are a first-time homebuyer! Why buy now? There is a new federal housing tax credit for first-time homebuyers. You can receive an \$8,000 tax credit, even if you don't have the tax liability. The tax credit is for this year, so now is the time to take advantage of that special deal. Also, housing nonprofits have access to other special homebuyer tools, such as down payment assistance and favorable loans that are fixed-rate and priced below-market.

No gimmicks are involved here – no short term low-interest rates that will skyrocket later. We also provide good homebuyer education so that buyers understand all the terms of their loans and the responsibilities they are taking on. Finally, we have strong partnerships with local banks to help buyers achieve their dreams with a loan they can truly afford.

It's a safe time to buy in our local market as we are not experiencing the same market factors as areas where foreclosure is high and property values are declining. But to make the most of your investment it's important to buy a quality-built home that is energy-efficient or ENERGYSTAR certified. Short term, your finances will improve with a nearly 30% savings on energy bills. Over the long term, a solid energy-efficient home will better retain its value and be worth more as an asset.

I am not advocating homeownership for everyone. It really should be reserved as an option for prepared buyers who have done their homework and protected their credit. It should never be a decision that is rushed and buyers should be educated on all their options. Knowledge is your best tool for buying a home! You may ask, "How do I get started?" Your best bet is to find a non-profit, like Frontier, to get the best homebuyer education that meets the national standards supported by NeighborWorks America. Frontier offers these classes monthly. To accommodate working schedules and to make homebuyer education more affordable, you can also complete your class online at [HYPERLINK www.ehomeamerica.org](http://www.ehomeamerica.org). Remember, knowledge is the first step to achieving the American Dream.

Frontier and other non-profit housing groups measure our success not just by the number of homes we build or loans we make, but by how homeowners fare over time. We want people to become and REMAIN homeowners for the long haul. Because of this, we won't make a loan if we determine that a potential buyer can't afford it or may not be financially prepared. But we will work with you to help you become prepared for homeownership.

We have important community partnerships for buyers who need some credit repair. It's easy to find yourself with a hiccup or two on your credit report. It can happen to virtually anyone. I understand

# COMRADES UNITED AGAIN, ONE ALIVE AND ONE DEAD

(Continued From Page One)

West Liberty. Hurley was playing and singing at the WLKS jamboree in the Morgan County courthouse — both were 20 years old and it was love at first sight. After that first meeting they began dating. Hurley drove over from Dan Ridge to play and sing and Colleen attended the Saturday night jamborees at the courthouse. Hurley and his family had moved to Dan Ridge in Menifee County from Middletown, Ohio, and spent a lot of time in Morgan County. The Boyd and Holliday families became very close.

In September 1967, Colleen and Hurley decided to marry. The minister that was to marry them became ill and they drove to Canmel City and had Tom Richardson, a district magistrate, marry them on September 13, 1967—both 21 years old and ready to start a life together. Only one thing stood in their way and that was an unforeseen military obligation. The Viet Nam war was raging by 1968 and more and more young men were being drafted, even married men. In August, 1968, Hurley was drafted into the Army.

Hurley arrived in Viet Nam on January 12, 1969. His wife was pregnant at the time. The baby, a beautiful baby girl named Melissa, was born never to see her father. (She is married to Robbie Adams and lives in Morehead. They have two children, Robyn, 10 years old, and Chris, 18 years old. Chris is graduating from Rowan County High this year and is a Governor's Scholar).

On March 26, 1969, Hurley was severely wounded near Chu Lai. He had only been in the Army six months and in Viet Nam less than three months. According to Al Bryson, a medic and close friend of Hurley, he was "walking the point" and stepped on a land mine even though the area was supposed to be "safe," according to the Company C scout.

That close friend of Hurley, Al Bryson, lives in Huntingburg, Indiana. They had met in Viet Nam, both being in Company C, Americal Division. Alvin was the man to know, being a medic. In

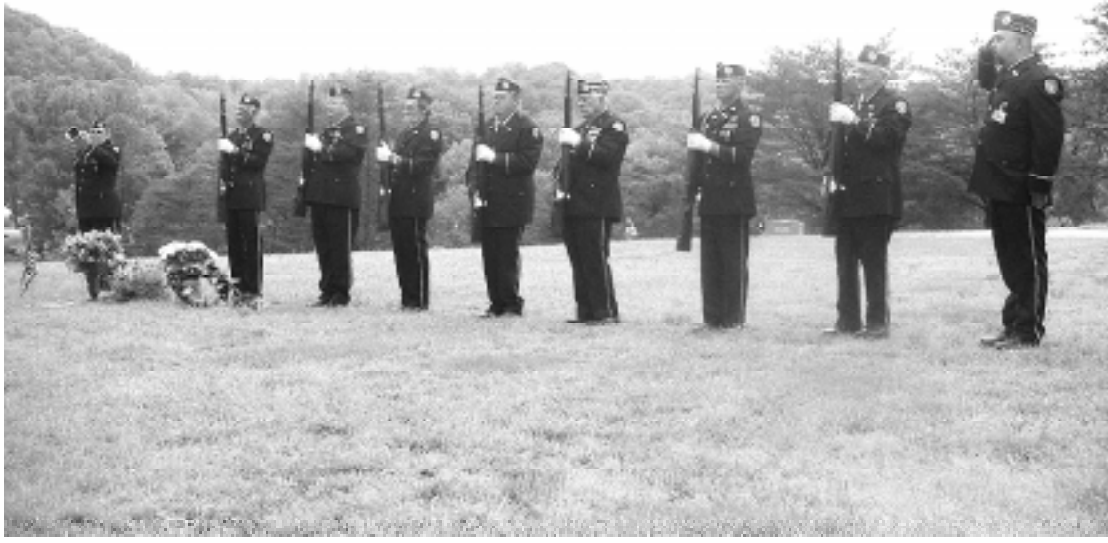

Colleen and Millard

fact, he was in charge of the medics in that area. Having been in the military and over seas, I know about having a few close friends. Friends that you enjoy talking to about your home town and family. Alvin knew a lot about Hurley but never was sure where he lived. He knew he was from West Liberty, Kentucky, but not a lot more. When he decided to visit Hurley's grave on the 40<sup>th</sup> year of his death, he located, through the internet, where Morgan County and West Liberty were. This is where I entered the picture. I was given a call from city hall to see if I could help. It didn't take me long to locate Hurley's former wife, Colleen Holliday, and the grave yard where he was buried on April 12, 1969.

At a prearranged meeting with the Brysons at Patti's Place, we finally met. Al's wife, Carol, was with him. We had conversed over the phone for the past few months trying to work out a time for their visit to the Holliday cemetery. Over a cup of coffee, making plans for the trip to the cemetery, Garry Elam happened to enter and joined us. After a nice visit, Garry and I took our visitors for

a short tour of West Liberty and then left for the Holliday area. We were to meet Darrell and Doug Holliday at the Holliday cemetery. When we turned on Rt. 1000 from Rt. 460 toward the community of Holliday, I am sure Alvin felt some excitement and reservation, if it is possible to have both at the same time. After all, it had been almost 40 years that he had thought about this trip and now it was happening.

At the cemetery, Alvin reiterated the story of that day in March, 1969. "I was with Company C the day Hurley stepped on a land mine. When I heard the mine explosion, I rushed to his aid. He was still conscious and we talked while I was aiding him. Hurley, realizing his serious condition, asked me to pray for him, which I did. You know, he was the first soldier that I had aided that asked me to pray for him, and I had never done that before, even through I believe in God. Asking for that prayer was the kind of person he was. I did everything I could do for him. His wounds were extensive. In a short time, Hurley was picked up

heroism of American veterans following a rendition of "The White Oak on the Hill" by his son, Brandon.

"We are among the giants and heroes of America at this service today," Conley said. "I want all the children here today to know that the greatest heroes aren't Superman, etc., but the men and women who wear the uniforms of the United States military, who stand as strong as the mighty oak."

Conley presented a special picture of majestic white oak trees captured by local photog-

rapher Dean Hill to cemetery proprietor Dr. C.C. Smith in honor of Smith's and his late wife Jewell Smith's service to local veterans.

The presentation was followed by Bill Compton's rendition of "Amazing Grace."

PFC Aric Lonchar, at home for a brief leave from the U.S. Marine Corps, placed a wreath at the cemetery's military memorial monument.

Veterans were hailed after the placing of the wreath with a gun salute from local DAV Honor Guard members.

Terry concluded the service

with remarks about the importance of memorializing fallen veterans.

"Veterans must march on with broken ranks," Terry said. "It is appointed to every veteran to keep the same spirit that those who died took to the grave with them. These men and women know the cost and will carry it throughout their lives. We also pray that our flag will always fly under the name of God."

## New Rates ...

(Continued From Page One)

And like all other businesses, we face two choices:—cut back on services—in our case this would mean reducing the size and news content of the paper—or raising prices (in our case, advertising and subscription rates).

Beginning June 1, the price for a year's subscription to The Licking Valley Courier will increase \$3.00. This means the price for an in-county subscription will increase from 22.50 to 25.50 a year. Subscriptions mailed to subscribers residing in other areas of Kentucky will increase from \$25.00 to \$28.00 per year. And subscriptions mailed outside Kentucky will increase from \$27.00 to \$30.00 a year.

The new subscription rates reflect an increase of a little over 5 cents a week to have your paper delivered weekly to your mailbox.

Advertising rates also will increase by 30 cents per column inch in June, a nominal amount, but one that will bring our rates more in line with those now being charged by area newspapers of similar size and circulation.

day parties. We want to expand that to allow the Towne Cinema to be available for other special occasions, such as large meetings, lectures and music concerts. There is a stage and seating for 220 people. We have the capability to show DVDs, as well as hook up computers to our theater system. We also invite local churches to reserve the theater for particular films they would like to show to their members. We also want to invite local bands to book the Towne Cinema for concerts," added Mr. Ball.

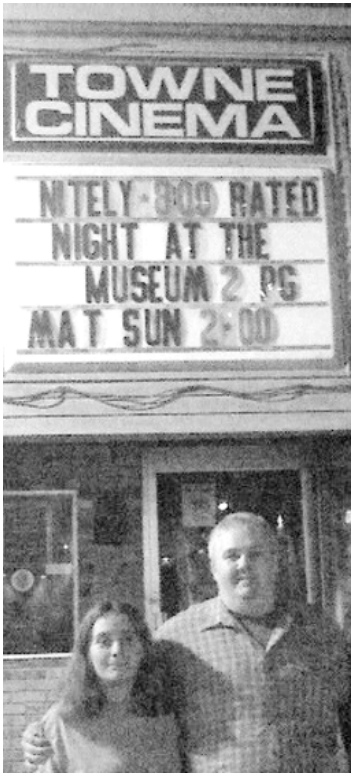

Mr. and Mrs. Ball would also like to offer special movie passes to students who make the super honor roll. They plan to give back to the community as much as possible.

"As far as the main movie attractions are concerned, we are still keeping the 8 p.m. slot, but also adding an additional movie time which will be earlier, somewhere between 5 and 6 p.m. The earlier show time allows younger viewers to get home at a more convenient time. We're going to be enforcing the cell phone/pager restrictions a bit more so that viewers are not hindered by the distractions of cell phone calls as well as text messages. We will be increasing the selection of candy at the concession stand as well as considering the addition of hotdogs, nachos, pizza, etc.," Mr. Ball said.

Mrs. Franklin, whose family has owned and operated movie theaters in West Liberty as far back as her dad's childhood days, says it is hard for her to give up the Towne Cinema but due to several circumstances, feels that it is time she and Lanny did so. Scottyee, the daughter of Lanny and Edra McKenzie Burton, grew up working in her parents' theater, the Rex Theater, which operated in West Liberty until 1961. At the young age of 13, Lanny began work in the Rex Theater for the Burtons.

Prior to the Rex Theater, Scottyee's granddads, Dr. C.C. Burton and Oscar McKenzie, were owners of the Royal Theater. Earlier than this Mr. McKenzie owned an interest in Peoples Theater.

Mr. and Mrs. Franklin, along with Lanny's brother, Langley Franklin, opened Towne Cinema

Chris and Tammy Ball

on Thanksgiving day, 1972. Langley sold his interest to Lanny and Scottyee in 1997. The first movie shown was "The Cowboys", starring John Wayne. The Franklins' final showing will be "Night At The Museum" at 8 p.m. Sunday, May 31.

In appreciation to all their loyal customers, the Franklins will show the same movie at the 2 p.m. Sunday, May 31, matinee free of charge. "Everyone is welcome to come, says Mrs. Franklin.

The Franklins have seen three generations pass through the doors. "Children that came in the early days are now bringing their grandchildren to see the movies. Lanny and I will miss seeing everyone. We sincerely thank everyone who have supported Towne Cinema down through the years, and wish the new owners well," said Mrs. Franklin.

## BY AND BY

By and by the dreams come true, though now things do seem hard for you, amid the triumphs and defeats, you may be sure the circle meets by and by each crooked path is merely just an aftermath and worries that are ours today will be as dust to brush away. By and by impatient heart, the blessed dawn when shadows part, and there will come the golden years, too rich and beautiful for tears we won't be bothered anymore. By all that weighed us down before, for truly, just as Jesus states, all things belong to Him that waits. (Submitted by Alpha Clevenger)

## IN MEMORIAM

**In Loving Memory Of  
Charlie Robbins  
Who Died May 28, 2008**

A thousand times we needed you  
A thousand times we cried  
If love alone could have saved you  
You never would have died  
A heart of gold stopped beating  
Two twinkling eyes closed to rest  
God broke our hearts to prove  
He only took the best  
Never a day goes by that you're  
not in my heart and my soul.

We love you and miss you,  
Amy, Kaitlyn, Della,

## IN MEMORIAM

**In Loving Memory Of  
My Daughter,  
Melissa Patrick  
On Her Birthday, June 3**

On June 3, 1970 I was so blessed with your birth. I had you for almost 39 years. You were taken away from me and your children, so horribly by being murdered by an ex-boyfriend on Nov. 10, 2008. I miss you so very much. I have you on my mind every waking moment. But, I thank God for the years I had you!

"Happy Birthday" to you in heaven.

Love you,  
Your mother,  
Sue Perkins  
and your children

### Household Hints

- A room can be inexpensively redecorated by WallPops, which are removable peel-and-stick wall designs.
- Many commercial cleaning products are made too strong and can be diluted, which will extend the life of the product and whatever is being cleaned.
- Spot clean white canvas, leather, faux leather, vinyl and even curtains by rubbing flour into the dirt lines, then brush clean.
- To prevent a plastic container lid from sticking too tightly, dip the edge of the container in flour prior to using.
- Whip up craft glue for kids by making one part flour and three parts water. Boil, stir until it becomes a paste and store in the refrigerator.

## Kellacey

By Sandra (nee) Carpenter

May 24 — I would like to send get well wishes to all the sick and shut ins, and condolences to all who have lost loved ones.

Mr. and Mrs. George Dehavens of Ohio are visiting with Lexie Goodpaster this week.

Tamera Carpenter of Mt. Sterling was weekend guest of Barbara Carpenter, and visited with her sister, the writer.

Barbara Carpenter, Sandra, and Tamera were visiting at the Coffee-Sheets cemetery. There, we met up with some family members. We got to talk to Hershall Sheets and Lon Dale Sheets, who shared some genealogy he had about the Sheets family. Also, Mary Long, Bonnie Havens and family member were there. Good to talk to them.

Sandra Carpenter had a doctor's appointments this week. Barbara Carpenter accompanied her. I received cortisone shots to my knee.

I would like to send a belated Happy Birthday to my son, Jody, which was on May 21. Wish you many more to come. Time flies and age sneaks up fast; before you realize it years are gone.

I really miss my brother, the late (Keith Carpenter). He passed away seven years ago of cancer. We were really close. The whole family misses him very much. But, now he is in a better place with no more pain or sorrows, but with a new body and spirit.

Harold Goodpaster visited with Venus this week at the Winchester Nursing and Rehab in Winchester.

Kristy Goodpaster was overnight guest of Harold Goodpaster on Tuesday night.

The writer was in Frenchburg and Morehead this week attending to business. Barbara Carpenter accompanied me there.

I would like to send get well wishes to Janice Lewis of Blaze who has been on the sick list. Hope you are feeling up to par.

Kendall Carpenter visited with family on Sunday and went to the cemetery. Glad to have him. Come back soon.

Mr. and Ms. Tim France of Mt. Sterling had a new arrival this week, a baby boy. It was named Spencer Clay. Congratulations!!!!

Barbara Carpenter, Harold Goodpaster, and Carolyn Williams of Owingsville attended the Ezel Alumni Dinner. They all enjoyed a good time and met up with some school mates they had not seen in many years.

Tim Peyton and Ricky Peyton visited with Harold Goodpaster this week. Glad to have them.

Hello to Sherry Bailey and thanks for the comment on the Kellacey news. I always enjoy the Twenty-Six news. I remember when we were young and we all were in church at Toms Branch, there were so many kids that went there. We had good times back then, I can remember helping teach Sunday school when Ms. Julie Williams was unable to be there. Mr. and Mrs. "Uncle Joe" Williams were good people, Uncle Joe went with a Bible in his hands, all the time, reading. So were the Heycoops, they would go to school and tell a story and put figures up on a felt board, and she would play a hand organ.

I hope everyone is enjoying this beautiful sunny weather we have been experiencing the last few days (without rain). Neighbors are getting the grounds plowed for tobacco setting and gardening.

Harold Goodpaster visited with Lexie Goodpaster, George and Phyllis Dehaven on Sunday.

Well, until next time, I would appreciate any news you would like to share with me. at 725-4186 or on the Web at cactusjill56@yahoo.com

I'll leave you with a recipe you may enjoy.

### Easy Breezy Casserole

3 cups skinless boneless chicken breast halves cooked and cubed

1 (10.75 oz) condensed cream of chicken soup  
1/2 cup mayonnaise  
1 cup cooked macaroni  
Preheat oven to 350 degrees. In a medium bowl

Combine the chicken, soup, mayo, macaroni, mix well and spread into a 9x13 baking dish. Bake @350 degrees for 35-45 minutes or until done.

Remove from oven, toss a salad and dinner is ready in a jiffy.

### GOD ALWAYS WATCHES OVER YOU

There's never a moment when God doesn't care, never a worry that He doesn't share. Never a time when His love isn't there to cheer, and to brighten our way. So trust in His love, so unfailing and true, believe in His Power to strengthen you, too, and may your faith bring many blessings to you day after beautiful day.

## Twenty-Six

By Sherry Bailey

May 25 — Saturday night cookout guests of Greg and Liz Phipps were Norman Wright of West Liberty, Darris and Sandy Smith and their daughter, Mandy, of West Liberty. Overnight guests were Clarence and Paula Kelly of Fairborn, Ohio. Sunday morning breakfast guests were Clarence and Paula and Dewey and Tressie Privett of Grassy Creek.

Sunday afternoon, we attended a cookout in celebration of my sister-in-law, Alice Bailey's, 50th birthday. The cookout was hosted by her son and daughter-in-law, Brandon and Randa Bailey, at their home at Bonny. Also present were Brandon and Randa's children, Landon and Belle; Randa's grandpa, James Stacy, and her sister, Kim Stacy of Buskirk; her cousins, Leah and Katie Hammons of Straight Creek; Alice's husband, Keith Bailey of White Oak; Dillard Bailey, Jr., of Shelby, Ohio, and my husband, Bill, and myself.

I would like to thank Bert and Fay Gunnell for the \$10 contribution for the upkeep of the Smith Cemetery. I also appreciate the \$50 that my cousin, Norma Jean McGarvey, sent (she is my Uncle DuVall Smith's daughter).

I visited Aunt Fay (my Uncle Wyck's widow) Saturday. She isn't feeling well and needs a lot of prayer.

Weekend visitors of Bill and I and my sister, Lynne Smith, were our sister, Lora (and husband, Russell) Brown, from Shelby, Ohio, and our brother, David Smith, from Lawrenceburg, Ky.

Saturday afternoon, Bill and I enjoyed a visit from Stephen (Steve) Lee from Newark, Ohio, his son, Stephen, from Corinth, Ky., Steve's stepdaughter, Mandy, and her husband, William, and their two sons, Jason and Jacob.

I was at the Ezel Cemetery to visit the graves of loved ones. I'd like to compliment the caretakers. The cemetery looked beautiful! I don't think anyone could imagine how much work it takes to mow and weed-eat a cemetery of that size. I wouldn't want to do it for ANY amount of money.

If you have anything you want included in the Twenty-Six news, please phone me at 606-725-5200 or email me at sbailey@mrcc.com

### Turner named as head football coach at MCHS

By David Patrick

It's a blast from the past for Morgan County football. On Tuesday, the school announced the hiring of Brian Turner as the new head football coach. Turner takes over for the departing Jake Purnell, who will not be retained as a teacher or coach for he 2009-2010 school year.

Turner, who's considered one of the top middle school coaches in the state, will begin his second stint at MCHS this fall. Turner guided the Cougars to a 3-7 record in 2003 before stepping down at the end of the season. It marked a vast improvement from the previous three years in which Morgan won a combined three games.

"Brian brings a lot of momentum into the program," said MCHS athletic director Chris Trusty. "He's established a winning program at the middle school and is eager to do the same on the high school level. Brian has a great relationship with the incoming freshmen and is anxious to work with our sophomores, juniors and seniors."

Turner led the middle school Cougars to a school-record 14 wins this past season, advancing to the final four in Lexington. We'll have more on Turner's return to MCHS in next week's edition of The Courier.

# MCHS Softball finishes strong with wins over Powell, Menifee

By David Patrick

Despite an 8-6 loss to East Carter in the opening round of the 62nd district tournament, Morgan County managed to win three of its final four regular season games. After scoring only three runs in a three-game stretch in late April Coach Tammy Hensley's team rebounded for 45 runs in its final five games.

The following are game summaries from wins over Powell and Menifee County, as well as losses to East Carter, Breathitt and Magoffin Counties.

#### Morgan Co. - 11 Powell Co. - 5

The Lady Cougars scored seven runs through the first three innings and never looked back en route to an 11-5 win over visiting Powell County.

Morgan erased an early 1-0 deficit when freshman Layla McKenzie singled to score Ashley Watson and Rickayla Ison. After Powell County regained the lead in the second inning, the Lady Cougars put up a three-spot in the third, thanks to hits by Libby Smith, Haley Wilson, Watson and McKenzie.

Coach Tammy Hensley's team extended its lead as Cassandra Watson and Bri Peyton both singled and scored. Base hits by Lady Cougars pushed the lead to 10-3. Morgan scored its final run in the fifth when Ashley Watson came around on Ison's RBI triple.

#### Morgan Co. - 13 Menifee Co. - 1

The Lady Cougars scored eight of their 13 runs in the final two at-bats as the home team rolled to a 12-run rout of Menifee County.

Morgan took a 5-1 lead into the fifth before scoring four times. Libby Smith got the rally started with a one-out single. Bri Peyton and Halley Wilson followed with singles before Cassandra Watson ripped a two-run triple. Tanieka Salyer brought in the final run of the frame with an RBI ground out to second base.

Rickayla Ison, Layla McKenzie and Faith Slone opened the sixth inning with consecutive extra-base hits. Peyton and Wilson each plated runs on groundouts to the pitcher and second base, respectively, to account for the final two runs of the inning.

The Lady Cougars had scored twice in the first on RBI's from McKenzie and Peyton. McKenzie scored again in the third before Salyer and Watson reached safely and came around in the fourth.

#### Magoffin Co. - 10 Morgan Co. - 9

Magoffin County scored four times in the bottom of the seventh to complete a 10-9 come-from-behind win over Morgan.

The Lady Cougars had taken a three-run lead early, thanks to a four-hit, five run second inning. Faith Slone, Tanieka Salyer, Cassandra Watson, Brie Adkins and Ashley Watson all reached safely and scored.

After a hitless third frame, the Lady Cougars added two more runs in the fourth. With one out, Halley Wilson reached on a walk. After a ground out by

MCHS Lady Cougars Layla McKenzie, left, and Cassandra Watson, right, were selected to the All-Tournament Team following the 62nd District Softball Tournament, played last week at West Carter High School.

Ashley Watson, Rickayla Ison and Bri Peyton followed with back-to-back doubles for a 7-2 lead.

Morgan appeared to put the game away in the top of the seventh. Ison and Faith Slone both doubled and scored to give the visitors a three-run cushion.

But Magoffin made the most of just one base hit with the benefit of four Lady Cougar errors to seal the win.

#### East Carter - 12 Morgan Co. - 2

East Carter scored five runs in its final at-bat to beat the visiting Lady Cougars, 12-2.

East put Morgan in an immediate hole with five runs through in the first two innings. Coach Tammy Hensley's team got on the board with two runs in the fourth inning Tanieka Salyer reached base on a walk before Faith Slone homered to cut the deficit to three.

But Sheyenne Wireman and Leslie Adeylott managed the team's only hits through the fi-

nal three innings as the Lady Cougars failed to push across a run.

East produced a run in the fourth inning before posting the fatal five-run sixth.

#### Breathitt Co. - 13 Morgan Co. - 2

Breathitt County scored eight runs in its final three at-bats as the Lady Bobcats pounded Morgan County, 13-2.

The Lady Cougars jumped out early with a pair of runs in the first inning. A single by Rickayla Ison was followed by a double from Bri Peyton as Tammy Hensley's team built a 2-0 lead.

But the prosperity was short-lived for the Lady Cougars as Breathitt scored five times over the next two innings. Meanwhile, Morgan managed only two hits—both from Rickayla Ison—as the home team failed to move a runner past third base.

The Lady Bobcats sent 20 batters to the plate in the final three innings compared to just 10 for Morgan County.

## Cougar nine upset by West Carer in dist. tny.

Morgan unable to overcome 5-run first inning by West

By David Patrick

It was a disappointing end to a promising post-season for Morgan County. West Carter scored five runs in the first inning and never looked back on its way to a 6-1 shocker over the Cougars.

Just three weeks after Morgan had put up a staggering 18 first inning runs against the West, the Cougars failed to score in the first three frames. Morgan managed just two hits and four base runners through the first four innings before scoring its lone in the fifth inning on singles by Cory Murphy, Kevin Vance and Patrick Montgomery.

Derek Lawson, Ryan Huston and MacKenzie McGlone singled and scored for West Carter to open the game. One out later, Corey Oney and David Valdepena followed with a double and single, respectively,

to help the visitors to the five-run lead. Zeb Brown walked to lead off the third inning and eventually scored as West built the six-run advantage.

The loss dropped Morgan 13-9 on the season and 6-7 against regional opponents. However, it marked the third straight winning season posted by Cougar Coach Brandon Evans – improving his three-year record to 49-29.

The Comets would lose to East Carter (12-3) in the district championship game being blown out by Boyd County (13-0) in the regional tournament.

## General guidelines for safe operation of motorcycles

Since May is Motorcycle Safety Month, your local Emergency Management office has provided the following general guidelines for riding a motorcycle safely:

### Be Visible

- Remember that motorists often have trouble seeing motorcycles and reacting in time.
- Make sure your headlight works and is on day and night.
- Use reflective strips or decals on your clothing and on your motorcycle.
- Be aware of the blind spots cars and trucks have.
- Flash your brake light when you are slowing down and before stopping.
- If a motorist doesn't see you, don't be afraid to use your horn.

### Dress Safely

- Wear a quality helmet and eye protection.
- Wear bright clothing and a light colored helmet.
- Wear leather or other thick, protective clothing.
- Choose long sleeves and pants, over-the-ankle boots and

gloves.

- Remember, the only thing between you and the road is your protective gear.

### Apply Effective Mental Strategies

- Constantly search the road for changing conditions.
- Give yourself space and time to respond to other motorists' actions.
- Give other motorists time and space to respond to you.
- Use lane positioning to be seen; ride in the part of the lane where you are most visible.
- Watch for turning vehicles.
- Signal your next move in advance.
- Avoid weaving between lanes.
- Pretend you are invisible, and ride extra defensively.
- Don't ride when you are tired or under the influence of alcohol or other drugs.
- Know and follow the rules of the road, and stick to the speed limit.

- Call 1-800-446-9227 or visit [www.msf-usa.org](http://www.msf-usa.org) to locate the Motorcycle Safety Foundation hands-on rider course nearest you.

- Practice. Develop your riding techniques before going into heavy traffic. Know how to handle your bike in conditions such as wet or sandy roads, high winds and uneven surfaces.

Remember: Give yourself space. People driving cars often just don't see motorcycles. Even when drivers do see you, chances are they've never been on a motorcycle and can't properly judge your speed.

## About the American Cancer Society

The American Cancer Society combines an unyielding passion with nearly a century of experience to save lives and end suffering from cancer. As a global grassroots force of more than three million volunteers, we fight for every birthday threatened by every cancer in every community. We save lives by helping people stay well by preventing cancer or detecting it early; helping people get well by being there

for them during and after a cancer diagnosis; by finding cures through investment in groundbreaking discovery; and by fighting back by rallying lawmakers to pass laws to defeat cancer and by rallying communities worldwide to join the fight. As the nation's largest non-governmental investor in cancer research, contributing more than \$3.4 billion, we turn what we know about cancer into what we do. As a result, more than 11 million people in America who have had cancer and countless more who have avoided it will be celebrating

birthdays this year. To learn more about us or to get help, call us any time, day or night, at 1-800-227-2345 or visit [HYPERLINK "http://www.cancer.org/"](http://www.cancer.org/) cancer.org.
